

Welcome to Global Dynamix

Global Dynamix focuses specifically on your business needs. Our ability to provide you with realistic easy to implement logistics solutions will surely put you ahead of your competition.

Our teams' experience originates in logistics, as such, we recognize that to satisfy the customer and meet complex logistics requirements, global experience, transaction speed, cost efficiencies and optimized performance are the basic ingredients which we provide to all our clients and partners.

At Global Dynamix, we will provide you with world class integrated logistics solutions and a complete range of transportation services, through open communication, technological resources, integrity and a genuine desire to serve you better. We will strive to be more efficient, more cost effective and achieve higher quality service to our customers.

Full container load services:

Based on our volume contracts and global contacts with major ocean carriers, Global Dynamix can offer very competitive rates for FCL shipments. Our global network of agents will monitor your shipment from place of receipt at origin up to discharge port and beyond.

Ocean Consolidation services:

Over the years, Global Dynamix has developed solid strategic partnerships that enable us to offer import and export consolidation services to and from the majority of the international markets against competitive rates.

Air freight forwarding:

With increase demand for on time performance, Global Dynamix offers a wide variety of airfreight solutions with back to back services or consolidation air freight services. We offer reliable and consistent service tailored made to your requirements with rates and airline flexibility to fit your budget.

Land Freight & Customs Clearance:

Globalization and regionalization has seriously improved the road transportation, and when considering short haul, the service can compete with other modes of transportation both on the service and rates level. Global Dynamix offers comprehensive road transportation management as well as customs clearance all over the Arabian Gulf and Middle East.

Commercial and Governmental Projects:

Through participation in many projects, both on the local and international level, Global Dynamix can offer projects feasibility studies, sophisticated planning, route mapping and accurate execution to meet with your project safety procedures and timelines. individual reporting, surveying, packing verifications as well as customs clearance services are available.
